TRANSFER TO SU!

Am I a transfer student?

You are considered a transfer student if:

- 1) you have attended another college or university after graduation from high school, or
- 2) if you have completed a bachelor's degree somewhere else and are applying for a second bachelor's degree.

APPLICATION FOR ADMISSION SU.EDU/APPLY

Shenandoah offers an application that can be submitted directly through our website. Students can begin and save their progress, to return and complete at any time.

SU does not accept transfer applications through Common App.

Submit application materials:

- Official transcript(s) of credits earned at ALL colleges/universities previously attended. We recommend a minimum 2.0 cumulative GPA from all institutions you have attended, and you must be in good standing and eligible to return to your former institution. Some programs at SU (including nursing and the sciences) require a higher GPA and have additional coursework requirements.
- If you have fewer than 24 credits at other colleges/universities, high school transcripts are required.
- Music, theatre or dance program applicants must also complete a required audition.

Many Shenandoah Conservatory programs do not allow spring semester entrance. Please check with the Office of Admissions to see which programs allow spring semester entrance.

- Additional requirements may vary by academic program.

IMPORTANT DATES FOR ADMISSION

- **June 1:** Priority application date for Accelerated Second Degree Nursing applications
- **June 10:** Priority application date for all transfer applications
- **August 6:** Tuition and fees payment due

SPRING SEMESTER START

- **October 1:** Priority application date for Accelerated Second Degree Nursing applications

Applications are reviewed on a rolling basis. Your application will be reviewed after priority deadlines as long as there is space available in your program of choice.

WILL MY CREDITS TRANSFER TO SU?

The transfer admissions staff and Office of Advising will help you navigate transferring credits.

You are welcome to contact our transfer team to discuss specific courses and requirements while working through the admission process at SUTran@su.edu or 540.665.4581. Applicants may request an unofficial transcript review by emailing an unofficial transcript to SUTran@su.edu prior to admission. This brief, preliminary review is subject to change based on official transcripts.

ONCE YOU ARE ADMITTED, we will officially evaluate transferable credit and provide a full transfer credit evaluation to you.

- Transfer credit is considered for courses in which a grade of C- or better has been earned.
- Official score report(s) for completed AP, IB or CLEP exams are reviewed for credit.
- Science credits will only transfer within a 10-year time period.
- We grant transfer credit for coursework completed at a college or university that is fully accredited by one of the six regional accrediting agencies, such as the Southern Association of Colleges and Schools.
- Credit may be granted for noncollegiate-sponsored instruction. This may include armed services and testing-service examinations, as recognized by the American Council on Education (ACE) credit recommendations.
